

The Comet soars in the air above FabricAction, Pink Inc.'s fabric playscape, where art meets play park. It's a place where children learn about color, form, shape, sculpture and movement while exploring the tents and tunnels.

Bright fabric colors with contrasting edging, The Comet is a visually exciting tension fabric structure that is easily rigged. The Comet is also available in vivid white—a great choice for printed images, logos, branding and messaging.

Suspended above the audience and venue, the Comet immediately commands the audience's attention. Easy to tie off to points yourself or use a Pink Inc. team for installation assistance.

The Comet's four sections come pre-assembled for easy rigging. The form's bright colors are sure to attract attention at any event—indoors or out, they always create a splashy, festive atmosphere.
