

The Mod Pod is a dynamic fabric structures ideal as a private space on a trade show floor or as a lounge area at special events. Part of Pink Inc.'s Streamline Rental Program, this structure ships light and the bases are rented on-site.

Perfect for a private space, the Mod Pod is available in several vivid colors, as well as slate, ivory and eternal light – Pink Inc. white. This fabric structure is a half-dome created from stretch fabric and flexible tubing designed to meet different size requirements.

Light loves fabric structures. Here the Mod Pod is bathed in green light from LED fixtures. The Mod Pod shown here with one entry offers a cozy interior. Mod Pods with two openings can be used as domed tunnels or unusual entryways.

A bird's eye view shows the Mod Pod on the trade show floor. This 20' x 20' structure was a spectacular design element that housed the client's product in the interior.
