

The Orbit Surround backdrop adds an otherworldly look to your tradeshow booth or event space. Here, it gives an aesthetically fitting look to an oxygen bar and massage therapy area.

A mixture of Orbit Surrounds, Circle Surrounds, and Turning Bird Entryways divided the space at the Promax Tradeshow without blocking off the area. Making a region seem private without making it unwelcoming is one of the strengths of our Surrounds.

Pink Inc Provided all the décor for the first annual Greek Expo in NYC. Through our Look of Show program, registration, wayfinding, and exhibitor booths all had a common look and an overarching theme. Our Orbit Surrounds, shown here in this picture, worked beautifully!

3-dimensional fabric shapes seen here as a trade show display. Pink Inc.'s tension fabric structures are designed with ease of use and dynamic style for your exhibits, events, in-store display and interior architectural applications.
