

Light loves our fabric. Lighting designers love our fabric structures. Tidal Waves from our Wave Wall series are a dynamic stage set for a fashion show and experiential marketing event.

In conjunction with other Walls and Slopes from the Wave Wall Series, the Tidal Wave is an essential part of this wonderful stage set. Lighting, projection or colored fabric can be incorporated to the pieces to add another layer to your designs.

Soar Wave Wall Stage set - Tidal Waves create a stage set design enhanced by lighting and projection. Fabric backdrops enhance meetings, galas, corporate events, staged shows, and award ceremonies for dramatic effects.

When you need some decor to fill your largest spaces, the Tidal Wave is the way to go. Seen here next to a Wave Wall Tall, the 18'w x 15'h Tidal Wave is an awe-inspiring shape that makes an amazing projection surface.
