

Working in collaboration with Wizard Studios using a combination of lights, décor and great teamwork this award winning stage set transformed Gotham Hall in NY. The Turning birds swept the sides of the stage creating a magical scene.

Pink Inc.'s Turning Birds carry your color palette to new heights as they soar overhead, cutting the air at dramatic angles.

This entrance way of Turning Birds displays tension fabric structures suspended from a simple pipe and base structure for dynamic entry to Bizbash trade show. Pink Inc.'s Tensile Architecture is available for rent, purchase or custom design.

Used here as a permanent architectural ceiling treatment, Pink Inc.'s Turning Birds make an interesting space even more unique. These give a feel of flight in the VIP lounge of the Barbados Airport.
