1. Please wash hands before handling the costumes. If you have long hair, pull it back into a low bun as it tends to get warm in the costumes.

2. Attach the two PVC using the coupling, and then insert the pole into the head.

3. Strap the Hoopla backpack around you and adjust as needed.

4. Place the Hoopla pole and head into the costume.

5. The Hoopla pole goes through two loops attached to the backpack and then sits inside the pocket at the bottom of the backpack.

6. Zip the side closed before performing.

7. To manipulate, use your hands to control the Hoopla pole. Change heights and positions of the head.

Movement should be fun and playful. Include bouncing, creeping, stretching, and retracting in your performance.
